

JERSEY DOOR REGISTRATION SCHEME

Application / Renewal form

A copy of the terms and conditions of the Jersey Door Registration scheme are attached. These are for your reference (for you to keep). Please read these terms and conditions and then sign the declaration and consent form accompanying the application forms (your application will not be processed unless this is signed).

A criminal record will not debar you from appointment unless the conviction/sanction renders you unsuitable for registration in accordance with the attached terms and conditions.

Applications for registration under the Jersey Door Registration Scheme are not listed within the Exceptions Regulations of the Rehabilitation of Offenders (Jersey) Law 2001. Accordingly, details of spent convictions will not normally be considered during the suitability assessment process undertaken by the States of Jersey Police.

If you would like to discuss the effect a conviction may have on your application, please contact a member of the States of Jersey Police Licensing Unit on 01534 612416 in confidence, for advice.

All applicants need to be a minimum of 20 years of age.

POLICE RECORD CHECK

It is a requirement under the Jersey Door Registration Scheme (JDRS) that Door/Security Supervisors are required to undergo a Criminal Record Check with Disclosure Scotland at the following www.disclosurescotland.co.uk. This may include enquiries with other Policing jurisdictions.

A Police record check has to be completed by the applicant prior to submission of the application form. Once you have received your disclosure certificate, you can then submit your application form to the JDRS administrator.

Accordingly, on receipt of your application form, supporting documentation, photographs and payment, the JDRS will register your application and forward it to the States of Jersey Police who will conduct Criminal Record Checks in order to assess your suitability. The States of Jersey Police will assess your application, in accordance with the guidelines provided with your application form. The application will be sent back to the Jersey Door Registration Scheme, along with a letter confirming your suitability or otherwise. The JDRS will retain one photograph for administration purposes and the other two will be used on your Yellow and Green Badges (Identification Cards). The States of Jersey Police will retain a copy of the application form, a copy of Foreign Police Check (where applicable), together with one photograph for administrative purposes.

If your application is refused you may appeal to the JDRS. Only in cases of appeal, will the States of Jersey Police disclose the content of criminal records or other information they consider relevant, to the Jersey Door Registration Appeal Committee.

The States of Jersey Police, JDRS and the Jersey Door Registration Committee will keep all information provided by an applicant in strict confidence, in accordance with the conditions of this scheme, and the requirements of the Data Protection (Jersey) Law, 2005.

- Access to a person’s criminal record is usually restricted. However, as it is in the public interest for us to have and give full disclosure of a person’s criminal record in order to assess their suitability for a door supervisor’s position, either after suspension or revocation or on appeal. To exempt the JDRS from this restriction they are allowed full access to your criminal record. We are able to consider all offences including spent convictions.

the JDRS they may subsequently complete the relevant courses to attain a 'Green Badge.'

10. An applicant may attend additional Drugs Awareness, Licensing Law and Fire Evacuation Awareness Courses at any time.

11. The "Green Badge" will be issued on completion of the relevant courses and is valid for a period of three years from the date the application was processed by SOJP, provided the applicant continues to meet the criteria set within these terms and conditions.

Door Supervisors who either witness or are involved in an incident that has either occurred within Licensed Premises they are employed at, or connected with those premises (e.g. just ejected from) will co-operate with any subsequent Police investigation and may be required to provide a witness statement immediately or at the end of their duty.

21. Renewal applicants will be required to attend a first aid course and will have to attend at a conflict management refresher course.

22. The SOJP & JDRS can, at their discretion, direct any registered door supervisor to re-attend at any of the training inputs provided (First Aid, Conflict management, Drugs awareness & Licensing Law).

23. SOJP & JDRS may on occasion amend these Terms & Conditions. In the event of this occurring all registered door staff will be notified using the contact details provided on this application by the JDRS coordinator. Supervisors are urged to make contact to receive the new T&C's. Should no contact be made by the supervisor it will be accepted that the supervisor agrees to accept the changes. As such it is imperative that all supervisors update the JDRS of any changes to their contact details.

24. At any subsequent appeal hearing following the refusal to register or suspension, the JDRS committee can impose any conditions they deem necessary to a door supervisors badge to ensure they continue to meet the criteria. Examples include – a refresher course on any of the existing training packages or a probationary period.

GUIDELINES RELATING TO CONVICTIONS

The Jersey Door Registration Scheme believes that it is essential that a door supervisor is of good character. Consequently, when determining the suitability of a new applicant, or the continued registration of a registered door supervisor, Court convictions in respect of offences involving violence, drugs, dishonesty and indecency will be considered by the JDRS.

Whilst the general policy will be that each case will be decided on its own merits, the following criteria will be applied by the SOJP whilst considering an applicant's suitability as per the terms and conditions of the JDRS:

A person with a conviction for a serious crime need not be permanently prohibited from registration as a door supervisor at licensed premises. Some discretion may be appropriate if the offence is an isolated incident and there are mitigating circumstances.

The over-riding consideration must be the protection of the public.

In this respect, any other information concerning an applicant or registered door supervisor which gives rise to serious concerns about their suitability for the role (and therefore the safety of the public) may be taken into account and may subsequently result in a refused initial application, or suspension /revocation of an existing registration.

The following guidelines should be considered on receipt of an application from a person wishing to be employed as a door supervisor at licensed premises.

SENTENCES OF IMPRISONMENT

In all cases where an applicant has been sentenced to a period of imprisonment, detention in a young offender's institution, youth custody or corrective training, for a term exceeding six months, at least ten years free from any conviction should be proved before an application is considered. Free from any conviction is defined as the time that begins after the sentence has expired, and not the time that begins from the date of sentencing. Even if you were released early we will still regard the offence as relevant up until and including the final date when the sentence restrictions would have ended, the sentence expiry date.

In the following categories of offence, where lesser sentences or sanctions may have been applied, the following will be considered:

1. VIOLENCE

A firm line should be taken with applicants who have convictions for Grave and Criminal Assault / Grievous Bodily Harm / Wounding. At least five years free of such convictions should be proved before an application is considered.

Where acts of violence of a lesser nature, e.g. Common Assault / Actual Bodily Harm / Breach of the Peace / Disorderly Licensed Premises / Obstruction/Resisting Arrest are revealed, at least three years free of such convictions should be proved before an application is considered.

2. DRUGS

Where an applicant has been convicted for importation of controlled drugs / supplying controlled drugs / possession with intent to supply a controlled drug, at least five years free of such convictions should be proved before an application is considered.

Where a lesser offence involving drugs is disclosed, at least three years free from such conviction should be proved before an application is considered.

3. INDECENCY OFFENCES

Where an applicant has a conviction for a case of indecency, a minimum of five years free of conviction must be proved before applications are considered.

4. ROBBERY / DISHONESTY OFFENCES

Where an applicant has a conviction for robbery, burglary or larceny / theft, involving violence to the person, at least ten years free from any dishonesty offences should be proved before an application is considered. In all other cases of dishonesty, at least five years free from such conviction must be proved before an application is considered.

(N.B. Door / security staff are in a position of trust when searching people on licensed premises or dealing with patrons' property within those premises. For this reason, a serious view must be taken of any conviction for dishonesty.)

5. IDENTIFICATION IN DOUBT / POLICE CHECKS

Where the identity of an applicant is in doubt, he or she may be required to allow his / her fingerprints to be taken, so that these can be compared with those held by the National Identification Bureau. In all cases where it is proved the applicant is free from convictions, the fingerprints will be destroyed.

In all cases, Police checks will be made against records on the Police National Computer, the Scottish Criminal Records Office, the Northern Ireland Criminal Record Office and the Criminal Record Office in Eire.

The above guidelines will be adhered to for all court convictions. The SOJP will treat Parish Hall Sanctions on their own merits. Circumstances which will be considered will be the details of the offence, (location and time) and in what capacity the applicant was engaged at the time of the offence (IE whether the offence was committed whilst working at a licensed premises)
