General items record card

Use this card to keep a note of the items in your home or garden that you have marked. It will be useful in the event of your property being lost or stolen.

Description of article	Where marked	Serial No.	Value

States of Jersey Police
PO Box 789, Jersey, Channel Islands, Great Britain
tel 01534 612612 - fax 01534 612613

Instructions for use:
Permanent U.V. marker
Ensure surface to be marked is clean, dry and free from grease. Write the post code followed by house number or the initials of the house name. The U.V. mark resists general wear, however try to mark your property or any item you choose to mark in areas subject to the least amount of handling. It is also suitable for property, including your outdoor leisure equipment, cycle, camping equipment etc.

Mobile phone, iPod etc. record cards
Complete these record cards which you will find very useful should you have any of the items stolen.

Set of 10 hologram security labels
Place these labels on your marked property to highlight the fact that you have taken additional security measures. The smallest labels are for your mobile & iPod or such like. The long thin labels can be used on other items, printers, scanners, DVDs etc. The largest for your cycle, laptop or computer.

Theft deterrent warning labels (three part)
Place "BURGLAR BEWARE" section of the three part label in a prominent position at the entrance to your property. The "LOCK UP SHUT UP" section should be placed inside your property at your main exit point as a reminder to remember to lock all your doors and windows. The long thin label can be placed on or near to your telephone or on your notice board.

All non-emergency police phone calls use 01534 612 612
Emergency or immediate police response use 999

Registering your property
A highly effective way to register your property is to put the details online. There are several websites which can be used for this, such as
www.immobilise.com
www.theisr.org
www.bikeregister.com

Always check that you have locked all your doors and closed all your windows

LOCK UP SHUT UP LEAVE IT SAFE
